

**EXAMPLE**

## Beef Heifers Oral Reasons Template – Clovers

I placed this class of Angus Heifers heifers 1 – 2 – 3 – 4  
(Class Name) (Animal #) (Animal #) (Animal #) (Animal #)

**TOP PAIR REASONS**

I placed 1 over 2 in the top pair because she was: (circle all the answers that describe your reasons or write your own reasons on the line below)

**More Structurally Correct** **Higher Volved** *Nicer Balanced* **Heavier Muscled** *Faster Growing* *More Feminine*

*1 had white on her udder, 1 had a bigger foot than 2, 1 was highest volume heifer in class*

I grant that 2 was: (circle all the answers that describe your reasons or write your own reasons on the line below)

*More Structurally Correct* *Higher Volved* **Nicer Balanced** *Heavier Muscled* *Faster Growing* **More Feminine**

*2 had smoother shoulders than 1*

But I faulted 2 because she was: (circle all the answers that describe your reasons or write your own reasons on the line below)

*Structurally Incorrect* *Low Volved* *Unbalanced* **Light Muscled** **Slow Growing** *Unfeminine*

*2 was smaller than 1*

**MIDDLE PAIR REASONS**

I placed 2 over 3 in the middle pair because she was: (circle all the answers that describe your reasons or write your own reasons on the line below)

*More Structurally Correct* **Higher Volved** **Nicer Balanced** *Heavier Muscled* *Faster Growing* **More Feminine**

*2 was leveler over her top than 3*

I grant that 3 was: (circle all the answers that describe your reasons or write your own reasons on the line below)

*More Structurally Correct* *Higher Volved* *Nicer Balanced* **Heavier Muscled** *Faster Growing* *More Feminine*

*3 was thicker rumped than 2*

But I faulted 3 because she was: (circle all the answers that describe your reasons or write your own reasons on the line below)

*Structurally Incorrect* *Low Volved* **Unbalanced** *Light Muscled* *Slow Growing* **Unfeminine**

*3 had a short neck*

**BOTTOM PAIR REASONS**

I placed 3 over 4 in the bottom pair because she was: (circle all the answers that describe your reasons or write your own reasons on the line below)

**More Structurally Correct** *Higher Volved* *Nicer Balanced* **Heavier Muscled** **Faster Growing** *More Feminine*

*3 had a bigger top and rump than 4, 3 was bigger than 4*

I grant that 4 was: (circle all the answers that describe your reasons or write your own reasons on the line below)

*More Structurally Correct* *Higher Volved* *Nicer Balanced* *Heavier Muscled* *Faster Growing* **More Feminine**

*4 had a longer neck and face than 3*

But I faulted 4 and placed her last because she was: (circle all the answers that describe your reasons or write your own reasons on the line below)

**Structurally Incorrect** *Low Volved* *Unbalanced* **Light Muscled** **Slow Growing** *Unfeminine*

*4 was smallest heifer in class, 4 didn't walk very well*
